

**FOR IMMEDIATE RELEASE**

# Puerto Rico's Departamento de Desarrollo y Económico Awards \$40,000 "Pymes Innovadoras" Grant to Hallo Technologies for Technological Innovations Driving Economic Growth

**San Juan, Puerto Rico – November 19, 2023**

In a groundbreaking move to foster innovation and economic development, the Departamento de Desarrollo y Económico of Puerto Rico is proud to announce the awarding of the prestigious "Pymes Innovadoras" Grant to Hallo Technologies. The \$40,000 grant is a testament to Hallo Technologies' commitment to pioneering technological solutions that contribute significantly to Puerto Rico's economic growth.

The "Pymes Innovadoras" Grant, designed to support innovative small and medium-sized enterprises (SMEs), recognizes Hallo Technologies for its outstanding contributions to the technological landscape of Puerto Rico. The grant underscores the government's dedication to fostering a culture of innovation and providing crucial financial support to businesses that drive progress.

Hallo Technologies, a frontrunner in the technology sector, has consistently demonstrated its dedication to advancing Puerto Rico's economic landscape through cutting-edge innovations. The "Pymes Innovadoras" Grant will provide the company with the financial boost needed to further its mission and amplify its impact on the local and global stage.

## Key Highlights of the "Pymes Innovadoras" Grant to Hallo Technologies:

**Financial Boost for Innovation:** The \$40,000 grant serves as a financial catalyst for Hallo Technologies, empowering the company to continue its pursuit of groundbreaking technological solutions. This infusion of funds will be instrumental in driving research and development initiatives, fostering innovation, and enhancing the company's overall capabilities.

**Recognition of Technological Leadership:** The grant is a recognition of Hallo Technologies' leadership in the technology sector. The Departamento de Desarrollo y Económico acknowledges the company's role in shaping Puerto Rico's technological landscape and its commitment to staying at the forefront of innovation.

**Support for Economic Growth:** By awarding the "Pymes Innovadoras" Grant to Hallo Technologies, the Puerto Rico government is actively supporting initiatives that contribute to economic growth. Hallo Technologies' innovative solutions not only position the company as a leader in the industry but also stimulate economic development and job creation.

**Commitment to Sustainable Development:** Hallo Technologies' focus on sustainable and forward-thinking technologies aligns seamlessly with Puerto Rico's vision for a resilient and innovative future. The grant reflects the government's commitment to supporting businesses that prioritize sustainable practices and contribute to the overall well-being of the community.

**Encouraging Entrepreneurship:** The "Pymes Innovadoras" Grant is a testament to the Puerto Rico government's commitment to fostering entrepreneurship. By providing financial support to innovative SMEs like Hallo Technologies, the government encourages a culture of entrepreneurship that fuels economic dynamism and resilience.

## Statements from Key Stakeholders:

### **In a letter from Mr. Manuel Cidre Miranda, Secretary at the Departamento de Desarrollo y Económico:**

"We are delighted to award the 'Pymes Innovadoras' Grant to Hallo Technologies in recognition of their outstanding contributions to technological innovation in Puerto Rico. This grant not only supports a pioneering company but also signifies our commitment to fostering a culture of innovation that drives economic growth and prosperity for our community."

### **Mr. Jan Reese Rondina, CEO of Hallo Technologies:**

"We are honored to receive the 'Pymes Innovadoras' Grant from the Departamento de Desarrollo y Económico. This grant will fuel our commitment to pushing the boundaries of technological innovation and contributing to Puerto Rico's economic development. We are grateful for the support and excited about the opportunities this grant opens up for us."

—
